MOTION FOR
CONFIDENTIAL
TREATMENT

Pursuant to S.C. Code Ann. Regs. 103-804(S) and 103-829, S.C. Code Ann. Section 30-4-10 *et seq.*, and other applicable South Carolina law, South Carolina Electric & Gas Company (“SCE&G” or the “Company”) hereby moves the Public Service Commission of South Carolina (“Commission”) for a protective order affording confidential treatment to certain testimony filed in this matter by the South Carolina Office of Regulatory Staff (“ORS”) and CMC Steel South Carolina (“CMC Steel”) and protecting same from public disclosure. In support thereof, SCE&G would respectfully show as follows:

During the pendency of this proceeding, ORS and CMC Steel, among others, independently of each other requested certain information of SCE&G for their review. SCE&G, in responding to these requests, deemed certain of the requested information as proprietary, commercially and/or competitively sensitive, confidential and trade secrets (“Confidential Information”). In order to protect the confidential nature of this information, SCE&G entered into confidentiality agreements with ORS and CMC Steel

whereby the parties agreed, *inter alia*, not to disclose any of the Confidential Information, to treat such information as proprietary, commercially and/or competitively sensitive or confidential or in the nature of a trade secret, and to safeguard such information so as to prevent disclosure to any other person. Additionally, SCE&G agreed with ORS and CMC Steel respectfully that, if a receiving party desired to use any of the Confidential Information provided to such party as part of any filing, argument, or hearing in this proceeding, the party would confer with SCE&G and in good faith work to establish a procedure designed to protect the Confidential Information from disclosure to the public.

On March 5, 2009, ORS and CMC Steel each filed public and confidential versions of their direct testimony in this proceeding. After reviewing the testimony, SCE&G has determined that the confidential versions use, discuss, reference or otherwise incorporate Confidential Information. More specifically, portions of the confidential testimony and exhibits of ORS Witness A. Randy Watts address issues relating to confidential information including, but not limited to, coal supplier contracts and transportation rates. Further, portions of the confidential testimony and exhibits of CMC Steel Witness Richard Thomas address issues relating to Confidential Information including, but not limited to, coal contracts with various vendors.

SCE&G submits that testimony as described above contains Confidential Information that is proprietary, commercially and/or competitively sensitive or confidential or in the nature of a trade secret. Specifically, many, if not all, of the underlying contracts to be discussed by these witnesses contain confidentiality provisions that require SCE&G to protect proprietary information that the contractors or vendors believe to constitute trade secrets and to be commercially sensitive. Furthermore, due to

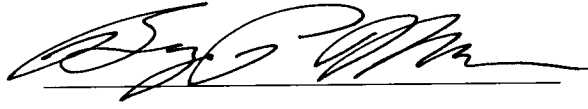

the highly competitive nature of these industries, disclosure of this Confidential Information could adversely affect the Company's ability to enter into arms-length transactions with future vendors, thus resulting in the potential for less favorable terms and prices for SCE&G and its customers.

SCE&G submits that, pursuant to 26 S.C. Code Regs. 103-804(S)(2), the determination of whether a document may be exempt from disclosure is within the Commission's discretion. SCE&G therefore respectfully requests that the Commission find that the confidential version of the direct testimony and exhibits of ORS Witness Watts and CMC Steel Witness Thomas contain protected information and issue a protective order protecting the confidential testimony and exhibits from public disclosure pursuant to the Freedom of Information Act, S.C. Code Ann. §§ 30-4-10 *et seq.*, S.C. Code Ann. Regs. 103-804(S)(1), or any other provision of law. The Company further requests that, in the event that anyone should seek disclosure of the confidential testimony or exhibits, the Commission notify SCE&G of such request and provide it with an opportunity to receive notice and be heard before the Commission acts upon any such request or provide notice and a reasonable time for SCE&G to petition a court of competent jurisdiction for an order protecting the confidential testimony from disclosure.

WHEREFORE, SCE&G requests that the Commission afford confidential treatment of the confidential version of the direct testimony and exhibits of ORS Witness Watts and CMC Steel Witness Thomas, issue a protective order protecting the confidential testimony and exhibits from disclosure, and granting such other and further relief as is just and proper.
